

The following information changes the RFT documents issued on Tuesday March 4, 2025.

### QUESTIONS AND RESPONSES

- Q1** Can you please clarify how many HM Doors and frames are being replace? The door schedule suggests all doors listed are being replaced with new doors and frames except D3. However the Fram Types only note that Type 1 is new insulated HM frame, the rest are existing. And the Doors Types note that Type A and C are existing, and only Type B are new. Which is correct?
- R1** **Two (2) sets of double doors (D6 and D7) are to be replaced per the door schedule. Refer to the door and frame types listed as well as drawing A0.01.**
